Countdown to the deadline

There's only one week to go until applications to Aerowaves close for another year. However, there's still time to apply by completing a form online www.aerowaves.org/apply and sending us your DVDs by Monday 20 September.

We've made the application form very simple, just basic details about yourself and the work are required. However, there are some guidelines that you must comply with:

- The work must be between 15 and 40 minutes in duration
- The DVD must be a recording of a public performance
- The work must have been made in Europe
- The work must have simple technical requirements
- You must be resident in Europe
- Work by post-graduate but not under-graduate students

We try to be flexible and sometimes exceptions can be made, so don't hesitate to contact us with any questions anna@aerowaves.org.

Albania and Moldova join Aerowaves

Therefore, we are proud to announce that Albania and Moldova will be represented at our forthcoming meeting in Moscow. The new members are Gjergj Prevazi from Dance Meeting Festival Tirana in Albania and Alexandra Soshnikova, dancer and manager from Chişinău in Moldova. Welcome!
